In the latest edition of their popular overview text, Erickson and Murphy continue to provide a comprehensive, affordable, and accessible introduction to anthropological theory from antiquity to the present. A new section on twenty-first-century anthropological theory has been added, with more coverage given to postcolonialism, non-Western anthropology, and public anthropology. The book has also been redesigned to be more visually and pedagogically engaging. Used on its own, or paired with the companion volume Readings for a History of Anthropological Theory, Fourth Edition, this reader offers a flexible and highly useful resource for the undergraduate anthropology classroom. For additional resources, visit the "Teaching Theory" page at www.utpteachingculture.com.
2013, Social Science, 244 pages. This book argues that the history and character of modern anthropology has been egregiously distorted to the detriment of this intellectual pursuit and academic discipline. The.
